The Compton scattering experiments were performed with the approval of the Japan Synchrotron Radiation Research Institute (JASRI), SPring-8, proposal numbers 2016A1640 and 2019A1460. We thank Y. Sakurai (SPring-8) for sharing the Si experimental Compton scattering data. This work is supported by UK EPSRC, grant numbers EP/L015544/1 and EP/S016465/1. The crystal growth at the University of Warwick is supported by UK EPSRC, grant numbers EP/M028771/1 and EP/T005963/1.
